Document Prepared by the Finance Department
Office of the Chancellor

Introduction

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, codified at 20 USC 1092 (f) as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private institutions of postsecondary education participating in federal student aid programs are subject to the Act.

Because the law is tied to participation in federal student financial aid programs it applies to most institutions of higher education both public and private. The provisions of the Act are enforced by the United States Department of Education.

The "Clery Act" is named in memory of 19-year old Lehigh University freshman, Jeanne Ann Clery (pictured right), who was raped and murdered in her residence hall room on April 5, 1986.

Jeanne's parents, Connie and Howard, discovered that students had not been told about 38 violent crimes on the Lehigh campus in the three years before her murder. They joined with other campus crime victims and persuaded Congress to enact the law, which was originally known as the "Crime Awareness and Campus Security Act of 1990."

The law was amended in 1992 to add a requirement that schools afford the victims of campus sexual assault certain basic rights, and was amended again in 1998 to expand the reporting requirements. The 1998 amendments also formally named the law in memory of Jeanne Clery.

Most recently the law was amended in 2000 to require schools beginning in 2003 to notify the campus community about where public "Megan's Law" information about registered sex offenders on campus could be obtained.

Annual Report

Schools must publish an annual report every year that contains at least 3 years worth of campus crime statistics and certain security policy statements including sexual assault policies that assure basic victims' rights, the law enforcement authority of campus police and where students should go to report crimes. The report is to be made available to all current students and employees while prospective students and employees are to be notified of its existence and afforded an opportunity to request a copy of the report.

Schools can comply by posting their respective crime statistics on the Internet so long as the required recipients are notified and provided the exact Internet address where the report can be found and paper copies are available upon request. A copy of the statistics

must also be provided to the United States Department of Education. Each NSHE institution reports crime statistics on their respective Web sites, which may be accessed at the following Internet addresses:

Crime Statistics

Each school must disclose crime statistics for the campus, unobstructed public areas immediately adjacent to or running through the campus, and certain non-campus facilities including Greek housing and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other school officials who have "significant responsibility for student and campus activities" such as student judicial affairs directors. Professional mental health and religious counselors are exempt from reporting obligations, but may refer patients to a confidential reporting system that the school has to indicate whether it has.

The statistics are also broken down geographically into "on campus," "residential facilities for students on campus," non-campus buildings, or "on public property" such as streets and sidewalks. Schools can use a map to denote these areas. The report must also indicate if any of the reported incidents, or any other crime involving bodily injury, was a "hate crime."

Schools are also required to provide timely warnings and a separate more extensive public crime log. It is these requirements that are most likely to impact the day-to-day lives of students. The timely warning requirement is somewhat subjective and is only triggered when the school considers a crime to pose an on-going "threat to students and employees" while the log records all incidents reported to the campus police or security department.

Timely warnings cover a broader source of reports (campus police or security, other campus officials, and off-campus law enforcement) than the crime log but are limited to those crime categories required in the annual report. The crime log includes only incidents reported to the campus police or security department, but covers all crimes, not just those required in the annual report, meaning crimes like theft are included in the log. State crime definitions may be used.

Schools that maintain a police or security department are required to disclose in the public crime log "any crime that occurred on campus...or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department." The log is required to include the "nature, date, time, and general location of each crime" as well as its disposition if known. Incidents are to be included within two business days but certain limited information may be withheld to protect victim confidentiality, ensure the integrity of ongoing investigations, or to keep a suspect from fleeing. Only the most limited information necessary may be withheld and even then it must be released "once the adverse effect...is no longer likely to occur."

Definitions

The statistics reported herein include occurrences on campus, in or on non-campus buildings or property, and on public property during the 2009 calendar year, and two preceding years for which data are available. The following definitions apply:

“Campus” means any building or property owned or controlled by an institution of higher education with the same reasonably contiguous geographic area of the institution and used by the institution in direct support of , or in a manner related to, the institution’s educational purposes, including residence halls; and property within the same reasonably contiguous geographic area of the institution that is owned by the institution but controlled by another person, is used by students, and supports institutional purposes (such as a food or other retail vendor).

“Non-campus building or property” means any building or property owned or controlled by a student organization recognized by the institution including any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution’s education purposes, is used by students, and is not within the same reasonably contiguous geographic area of the institution.

“Public property” means all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, street, or the thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution’s educational purposes.

“Dormitories or other residential facilities for students on campus” is a subset of the on-campus category. Institutions must disclose the total number of on-campus crimes, *including* those in dorms or other residential facilities for students on campus, and must also make a separate disclosure limited to the number of crimes occurring in student dorms or residential facilities on campus. As a subset, the number of crimes reported for dormitories or other residential facilities must be less than or equal to the number of reported crimes for the on-campus category.

Report Categories

Crimes are reported in the following categories:

1. Criminal Offenses
 - a. Murder and Non-negligent manslaughter
 - b. Negligent manslaughter
 - c. Forcible sex offenses (including rape)
 - d. Non-forcible sex offenses
 - e. Robbery
 - f. Aggravated assault
 - g. Burglary
 - h. Motor vehicle theft
 - i. Arson

2. Hate Crimes
 - a. Race
 - b. Gender
 - c. Religion
 - d. Sexual orientation
 - e. Ethnicity
 - f. Disability

Schools are also required to report the following types of incidents if they result in either arrest or disciplinary referral:

1. Illegal weapons possession
2. Drug law violations
3. Liquor law violations

Each campus is required to have these statistics readily available to students and parents.
